

August 17, 2010

Sun West Custom Homes has relied on Michael Marcuse and Pro-Tech IT for over five years. Michael's expertise and knowledge of both yesterday and today's technology is invaluable to our daily operations.

Over the years Michael has proven himself to be trustworthy and has had unmonitored access to our office and data files along with our complete trust and confidence.

Michael's prices have always been more than fair and Michael has always made sure everything is up and working before billing our company.

I could not imagine running our business without Michael Marcuse and Pro-Tech IT and I recommend his services without hesitation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wendy LaCrosse". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Wendy LaCrosse,
Accounting and Office Manager
